DETAILED ACTION

Response to Appeal Brief

The office concurs with applicant's arguments filed in the appeal brief. New art has been applied, but some allowable subject matter has been shown.

Claim Rejections - 35 USC § 102

The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(a) the invention was known or used by others in this country, or patented or described in a printed publication in this or a foreign country, before the invention thereof by the applicant for a patent.

Claims 16, 18, and 25 are rejected under 35 U.S.C. 102(a) as being anticipated by www.sonyclassical.com, www.sonymusic.com, and www.thestore.sonymusic.com.

www.sonyclassical.com, dated 5/8/1999, (first website) offers classical music, has a direct link to www.sonymusic.com, dated 5/7/1999 (second website) and has a direct link to www.thestore.sonymusic.com, dated 2/3/1999 (central site).

Claim Rejections - 35 USC § 103

The following is a quotation of 35 U.S.C. 103(a) which forms the basis for all obviousness rejections set forth in this Office action:

(a) A patent may not be obtained though the invention is not identically disclosed or described as set forth in section 102 of this title, if the differences between the subject matter sought to be patented and the prior art are such that the subject matter as a whole would have been obvious at the time the invention was made to a person having ordinary skill in the art to which said subject matter pertains. Patentability shall not be negated by the manner in which the invention was made.

Art Unit: 3627

Claim 24 is rejected under 35 U.S.C. 103(a) as being unpatentable over www.sonyclassical.com, www.sonymusic.com, and www.thestore.sonymusic.com in view of obviousness.

The above websites shows all of the limitations of the claims except for specifying music instead of restaurant equipment.

The examiner takes Official Notice that restaurant equipment is one of an infinite number of product area, which are equivalents in order to suit your own needs.

Based on the discussion above, it would have been obvious to one of ordinary skill in the art, at the time the invention was made, to modify the websites to sell any one of an infinite products, including restaurant equipment, in order to suit your own needs.

Allowable Subject Matter

Claims 19-23, 29-30, 35-38 allowed.

Claim 17 is objected to as being dependent upon a rejected base claim, but would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims.

The following is a statement of reasons for the indication of allowable subject matter: The prior art of record has no third site and no reciprocal direct link.

Art Unit: 3627
